Day of Adventures

A World Class Aquarium

Plunge to the depths of the ocean floor and explore a sunken shipwreck now home to colorful reef creatures including eels, goliath groupers, lobster and more.

More fun surprises await around every corner as visitors traverse cypress swamps, tropical rainforests, Ozarks waterways and craggy caves.

Guests of all ages can immerse themselves inside a river full of piranhas, discover what it's like to touch a stingray, traverse an underwater tunnel surrounded by giant river monsters and come face-to-face with sharks, jellyfish, snakes, iguanas, eagles, owls and many other creatures.

Throughout the journey, visitors will encounter more than 35,000 live fish, mammals, reptiles, amphibians and birds, representing more than 800 different species.
